Email: herringtontrentin@gmail.com

Address: 161 Laurel Hill Drive Philipsburg, PA 16866

EDUCATION

The Pennsylvania State University

June 2015- May 2021 *University Park, Pennsylvania*

Bachelor of Landscape Architecture

Currently pursuing a Bachelor of Landscape Architecture Degree.

Minoring in Geography

Also pursuing a minor in the School of Earth & Mineral Science School for Physical Geography.

EXPERIENCE

Penn State's Office of Physical Plant (OPP)

May 2018-August 2019 *University Park, Pennsylvania*

Position: Civil Engineering Intern

Responsibilities: Produced construction drawings and documents, 3-D modeling sites, produced renderings, conducted on-site inspections, wrote proposals for new projects, took notes during construction meetings, and cost estimating.

Applied Research Laboratory (ARL)

June 2016-August 2017 *University Park, Pennsylvania*

Position: Graphic Design Intern

Responsibilities: Prepared presentations for guests and clients visiting the facility, gave tours to incoming professionals, and organized events for visitors of CIMP-3D to market our services of additive manufacturing to potential clients.

Relevant Course Work

June 2015- Present *Pennsylvania State University*

Courses: I have taken studio classes involving master planning transportation routes for cities, river restoration, residential and commercial planning, and park design. Technical classes include storm water management, grading, materials, and planting strategies and design.

Study Abroad

January 2020-May 2020 *Bonn, Germany*

Requirement: Spent a semester studying at the Akademie fur Internationale Bildung (AIB) through Penn State's Study Abroad Program. The program holds a studio class as well as organizing trips to broaden our understanding of the world's landscape.
